The Monthly Challenge

Challenges are in addition to Creative and Traditional Categories. Entries will be shown after Creative and Traditional judging. Four random Challenge images will be selected for group comment as time permits. To provide time for this activity, Creative entries will remain at one but Traditional will be reduce to two.

This summer the FPCC Board voted to add a newcategory to each monthly EID competition. We will still have the Creative Category and the Traditional Category. In addition there will be a Challenge Category with a general theme (see below) assigned for each months EID competition.

You can enter one image for Creative, one image for the Challenge, and two images for Traditional. All three categories will be judged.

After the judging, up to four random Challenge images will be we selected for group comments and discussion as time permits.

Here are the Challenge Category Themes for the next 9 meetings.I suggest adding them to your personal calendar or you can check the Film Pack website calendar for each months theme.

Here is where you write your article and submit your images for publication.

It can be anything that interest you. Images you took on vacation with explanation of where, when, why and how.

Without your help the newsletter will get very boring.

How about a book review?
